

## Announcement of Sponsorship for the 'TOHOKU-MIYAGI REVIVE MARATHON 2024'

LOGISTEED, Ltd. is pleased to announce its sponsorship of the 'TOHOKU-MIYAGI REVIVE MARATHON 2024', which will be held on November 3, 2024.

## 東北・みやぎ復興マラソン2024 TOHOKU-MIYAGI REVIVE MARATHON

This event has been held since 2017 with the aim of contributing to the reconstruction of areas affected by the Great East Japan Earthquake. This year's race will start in Sendai City, known as the "City of Trees," and will pass through Iwanuma and Natori cities, following a full marathon course. Approximately 70% of the course covers areas that were inundated by the tsunami, allowing runners to experience the trajectory of reconstruction and the changing landscape of the towns. LOGISTEED, Ltd. has continued to support the event since its inaugural year, assisting in the management of the marathon and supporting runners who share our commitment to the reconstruction of the affected areas. We are dedicated to creating this event together with the local community and participating runners. "Running can be a way to help others", we hope to create such an event together with you.
