## Notice of Opening New Warehouse in Central Area of Japan —Providing Efficient Logistics Services Utilizing Prime Location—

LOGISTEED, Ltd. is pleased to announce that the “Atsuta Logistics Center” which was under reconstruction in Nagoya City, Aichi Prefecture by its group company, LOGISTEED Central Japan, Ltd. has been completed and started operation on July 12.

This center is a multipurpose general logistics center that can meet the diverse logistics needs of client companies, located in a prime area with easy access to major roads, within 5km of central Nagoya, and about 18km from Nagoya Port. It is equipped with solar power generation, LED lighting, and EV charging facilities and others, aiming to provide logistics services with low environmental impact by reducing greenhouse gas (CO2) emissions and improving energy efficiency. In addition, security robots and facial recognition cameras will be installed in a part of the center to provide value-added services such as kitting of PCs and telecommunications equipment under a robust security system.
