## TOHOKU-MIYAGI Revive Marathon 2023 LOGISTEED Track and Field Club holds Running Class

On November 5, LOGISTEED Track and Field Club (LD T&F Club) held youth running class at Tohoku-Miyagi Revive Marathon 2023 which LOGISTEED, Ltd. has been supporting as an official partner.

The running class was an event where LD T&F Club athletes taught runners how to run with a race coming up. By teaching children the joy of running, we held this event with the hope of further excitement.

On the day, three athletes from LD T&F Club demonstrated warm-ups and the necessary preparations and tips for running fast to about 60 children and their parents who had enrolled *the 2km Parent-child a pair run* and *the 2km Kids run*.

Our group is going to continue to support events or activities which contribute to the areas affected by the Great East Japan Earthquake.
