

## **LOGISTEED (Thailand), Ltd. Acquires CEIV Pharma at Suvarnabhumi International Airport**

LOGISTEED, Ltd. is pleased to announce that LOGISTEED (Thailand), Ltd., one of our group companies, acquired CEIV Pharma\*, a quality certification program for pharmaceutical international transport promoted by the International Air Transport Association (IATA) at Suvarnabhumi International Airport on October 31, 2024.

This marks the first certification for a Japanese logistics company in Thailand.

Our group is advancing the acquisition of CEIV Pharma certification and the establishment of GDP-compliant bases in pharmaceutical logistics to respond to expanding demand and environmental changes. In Thailand, we are set to open a multi-temperature logistics center in December this year, which will handle ambient, refrigerated, and frozen temperatures, strengthening the handling of food and high-performance materials. With this certification, we will also work to further improve the quality of pharmaceutical transport.

By obtaining certification at Suvarnabhumi International Airport, our fifth location, we have strengthened the safe and secure international transport of pharmaceuticals through our group's network. We will continue to promote collaboration within the LOGISTEED group both domestically and internationally to build a high-quality pharmaceutical supply chain.

\*CEIV Pharma: Abbreviation for The Center of Excellence for Independent Validators in Pharmaceutical Logistics. It is an air transport quality certification program for pharmaceutical formulated by IATA. A standard to ensure the safety, compliance and efficiency of temperature-controlled air transport of pharmaceuticals that conforms to GDP (Good Distribution Practice) around the world.
