## LOGISTEED Track and Field Club Cooperated with Matsudo City's Spring Youth Running Class

On April 19, LOGISTEED Track and Field Club participated as a coach to instruct a class titled “*Strive for Top Speed ! Unveiling the Secrets of Speed ! Spring Youth Running Class*,” organized by Matsudo City, Chiba Prefecture. In October 2021, the club concluded a mutual collaboration agreement with Matsudo City, for regional development and contribution through athletics, and we have continued our initiative to revitalize the region through collaboration. We have been participating in this event since its start year in 2015 and have continuously served as instructors.

On the day of the class, 61 children from 4<sup>th</sup> grade to 6<sup>th</sup> grade in Matsudo city participated. Our athletes and staff taught basic body movement for running and training methods. The children listened to the athlete's explanation and earnestly engaged in their training.

The Company will continue to contribute to the creation of a better society through communication with local communities and other diverse stakeholders.
