Notice of the Earthquake Revive Concert, Unites the Hearts, Unites the Power, Revitalization Concert Together with Everyone 2026 supported by LOGISTEED

LOGISTEED, Ltd. is pleased to announce that we will be a special sponsor of the Unite the Hearts, Unites the Power, Revitalization Concert Together with Everyone 2026 supported by LOGISTEED to be held in Natori city, Japan on March 7, 2026.

The Sendai Philharmonic Orchestra has been supporting the victims of the Great East Japan Earthquake. They continue to perform memorial performances throughout the disaster-stricken areas. This concert has been held to support their activities since 2012. The concert is held every year with the aim of passing on the memories of the earthquake and paving the way for a new era. We have been sponsoring since 2022, supporting the recovery of disaster-stricken areas through the power of music, and we will continue to work together to create memorable concerts.

With the theme of *Revitalizing the Soul Through the Power of Music*, the concert is created by soliciting ideas from the general public. This year, we welcome actress Shinobu Otake as a guest, performing powerful and warm music together with the Sendai Philharmonic Orchestra.
